National Child Passenger Safety (CPS) Training

Classroom Information

- Hands-on activities to become familiar with all types of car seats and safety belt systems
- Learn which child restraint systems are appropriate for different age & weight of children and how to correctly install them
- Strong instructor-student ratio for maximum learning

Course highlights

- Reference manual to take home
- 32-hour course with intermittent written tests
- Challenging hands-on experience installing car seats
- Participate in a real community safety seat checkup event sponsored by State Farm Insurance!

Who should attend:

- Parents
- Emergency medical technicians
- Fire fighters
- Law enforcement
- Caregivers
- Medical personnel
- Any interested adult

A **\$200 stipend** will be available for those traveling more than 50 miles each way

Become a certified child passenger safety technician.

Use your new skills to teach parents and caregivers about proper car seat safety for their children.

Make a difference...

Help ensure Montana's little ones are safer while traveling.
